College Principal’s Report

2013 SCHOOL YEAR IN FULL SWING
It is hard to believe we have already completed 4 full school weeks. Students have led year level and house assemblies and I have been very impressed with the endeavour of our students. The atmosphere at the recent swimming sports was electric with team spirit and participation. It was a tribute to the outstanding organisation skills of Robyn Boyle and David Maltby and their wonderful team including the VET Sport and Recreation students.

2013 COUNCIL NOMINATIONS ARE IN!
The number of nominations received was less than the vacant positions and consequently a ballot is not required.

Parent Members: Patricia Martin
Lisa Ring
DEECD Members: David Maltby
Andrew Keating

We welcome David and Andrew who are new to Council and thank them for being prepared to take on this important responsibility. We also thank Patricia and Lisa for nominating to stay on Council.

WE STILL NEED YOU!
There are still two vacancies on School Council for the full term of two years. The Council meets twice a term on Tuesdays at 6pm commencing with a light meal. The meetings are generally finished by 7.30pm and it is a great way to meet with staff, students and other parents and also learn about the school.

There are also various sub-committees parents can join. These committees meet at least twice a term on a Tuesday night (usually the 2nd Tuesday of the month).

These committees are:
- Education
- Student Engagement & Well Being
- Resources
- Community
- Finance

It is vitally important that we have parent input. If you are interested in joining School Council or one of the committees or have any questions, please contact Joanne Armarego on 9407 9700.

IT’S NOT OKAY TO BE AWAY
Every day your child is out of school, for whatever reason, his or her learning achievement suffers.

What do missed days mean?
So how can missing three or four days of school be so important to their learning? When students miss school due to illness or other reasons, some will fall in the missed instruction on their own, some will stumble but recover and, some, unfortunately, will stumble, falter and be confused for the remainder of that unit. Their learning suffers.

Time is important to learning.
The amount of time that schools allocate for learning, the amount of time during which students are engaged in learning, and actual learning time are so important that students, teachers and their parents all need to take it very seriously.

What can we do?
You can assist by making sure your child is ready for school every day – rested, well-nourished and equipped – and is absent only when absolutely essential. That way we can all make best use of the learning time we have at our disposal and every student can make the progress we are all striving for.
SCHOOL BUS REVIEW 2013
The DEECD Student Transport Unit is undertaking a School Bus Review 2013. Assistant Principal (Senior Campus), Mr Colin Burke, is contributing information to this review, as Mill Park Secondary College has been severely affected by the bus changes that took effect in April 2012. We are therefore seeking parent’s feedback of their experience on how these changes affected their children attending school. Can you please email your feedback to: mill.park.sc@edumail.vic.gov.au marked School Bus Review 2013.

SCHOOL PHOTOS
Parents are reminded that school photos must be ordered online directly from Arthur Reed Photos (see attached flyer). Arthur Reed Photos have agreed to extend the deadline for orders until midnight Sunday 24 February. Should you have any problems with the ordering process, please contact Arthur Reed Photos directly on 5243 4390.

ADVICE FROM CONSUMER AFFAIRS VICTORIA ON PURCHASING EXTERNAL EDUCATION SOFTWARE
Consumer Affairs Victoria (CVA) has issued a warning to teachers and parents on being approached by high pressure salespeople selling educational software. CAV recommends that anyone thinking of signing up for one of these programs should:
- Shop around – similar programs may be available for much less and price is no guide to quality, whatever the salesperson might say.
- Be sure that they can afford it. If you sign a credit contract, it will cost you much more in interest.
- Be aware they can cancel contracts in certain circumstances under the Australian Consumer Law. You have ten days to reconsider a ‘unsolicited consumer contract’ made through door-to-door or telemarketing sales.

The Department’s eduSTAR software program provides teachers and students with over 80 PC and Mac software applications for school owned devices to support teaching and learning. Teachers or parents concerned about education software sales and contracts can access information from Consumer Affairs Victoria on 1300 55 81 81 or through the National Translating Interpreter Service (TIS) on 131 450 or by visiting: www.consumer.vic.gov.au

For further information on the Department’s eduSTAR software program see: http://epotential.education.vic.gov.au/showcase/edustar_win

STAFF CAR PARK
In the interest of students’ safety, parents are reminded that the staff car park is FOR STAFF ONLY. Parents dropping off or picking up their children are asked to park their car in nearby streets and NOT in the Staff Car Park.

TEXT BOOKS ARE ESSENTIAL
Our commitment to education excellence is compromised by students who don’t yet have the required texts. We are aware of the financial strain of purchasing books; however, students require these books to reach their educational best. We suggest a possible solution of parents purchasing one text book per fortnight could alleviate the financial burden.

EDUCATIONAL MAINTENANCE ALLOWANCE (EMA) REMINDER
EMA applications close on Thursday 28 February 2013 for the first instalment. To be eligible for receipt of the EMA you must be either a parent or carer of a secondary school student up to the age of sixteen and have a Health Care Card or a valid Pension Card. The eligibility criteria must be met as at the first day of 29 January 2013. Parents who have not yet applied for EMA, please do so now. Applications are available from the General Office.

CONTACT DETAILS
If you have moved home, changed phone numbers or e-mail addresses please contact the office on 9407 9700 to notify us of the change. It is important that we have up to date records in the event that we need to contact you.

I am taking long service leave for the last 4 weeks of this term and will leave the College in the very capable hands of Caroline van den Heuvel and Karen Eastlake. A reminder to all parents, that Monday 11 March 2013 is a public holiday and students will not be required at school.

Trish Horner
ATTENDANCE AT SCHOOL
We all know the importance of students attending school every day. Not only is this critical for the development of their friendship groups and overall feeling of belonging at school, but also for the continuity of their learning.

Whilst our student attendance rates at the Senior Campus have been improving over the last few years, they are still not perfect. Some students do convince their parents to let them stay at home for trivial reasons such as days off for a birthday or shopping trips. Some of our families also would like to take their children out of school for extended family holidays. At Mill Park we have very clear attendance guidelines and an Attendance Policy. Our students are required to maintain an attendance rate of 90% or greater. This is also a VCAA requirement for students undertaking the VCE.

Parents may have seen some recent newspaper reports regarding the Department of Education’s crackdown on students’ unapproved absences. Schools are being directed to distinguish between student absences that are for non-illness reasons but parent and school approved and non-illness reasons that are parent approved but not school approved. So what does this mean for us?

Unapproved reasons that may be deemed as ‘Parent Choice’ but do not have approval from the school include:

- Birthdays
- Student is too tired to come to school
- Picking up relatives at the airport
- Driving lessons
- Car problems
- Sleeping in or missing the bus
- Part time work commitments
- Supporting upset friends
- Younger sibling child minding for a parent
- Family holidays
- Exam / test / SAC preparation or completion of homework
- Personal issues (without further explanation to the school)

Reasons that may be deemed as ‘Parent Choice’ and do have the approval from the school may include:

- Family member illness
- Special circumstances – Principal approved
- Unavoidable causes
- Religious observance

In each of these types of instances, the parent/care giver must be in communication with the school and request direct approval from the Campus or College Principal. Just calling the office or writing a note explaining the reason will not be sufficient. Parents wishing to take their family on extended holidays during the school term are strongly discouraged to do so and will need to meet with their Campus Principals to discuss the circumstances.

As always, students who are genuinely ill for longer than 5 days or ill students who miss a SAC are required to obtain a medical certificate from a doctor. These must be submitted to the College within 5 days of the student returning to school after their illness. For single day illness where the child does not miss a SAC, a parent note, a phone call to the office or SMS to the Campus SMS phone lines will be sufficient.

Students whose unexplained absences become too high will be tracked and families notified by a letter home. All students need to be aware that the more often they are in class, the less likely they are to receive an unsatisfactory result in their subjects. Parents may request a copy of their child’s attendance at any time. Final semester attendance data is always included in each subject report.

VICTORIAN STUDENT AND CONCESSION TRAVEL TICKETING ARRANGEMENTS FROM PUBLIC TRANSPORT VICTORIA

Proof of concession entitlement
All students aged 17 years and over, or those requiring a half yearly or yearly Student Pass (regardless of age), are required to obtain a 2013 VPT Student Concession Card as proof of their concession entitlements.

2013 Victorian Student Pass
The Victorian Student Pass provides travel for students on all metropolitan trains, trams and buses, all regional town bus services and all V/Line train and coach services operating wholly within Victoria. Student Passes will be issued on a Myki.

How to apply for a 2013 VPT Student Concession Card and/or a Student Pass:

The application form can be obtained from:

- Metropolitan premium train stations
- PTV Hub (Southern Cross Station)
- V/Line staffed stations or
- Online at ptv.vic.gov.au

Students 16 years and under, who do not wish to purchase a Student Pass, are not required to obtain a VPT Student Concession Card but can still get a child Myki for concession travel by visiting ptv.vic.gov.au, or calling 1800 800 007. A $3.00 card fee applies.
VET Building and Construction

Congratulations to Mr Kneebone’s Year 12 VET Building and Construction class, who this week unveiled the first of their pieces of outdoor furniture at the senior campus. The seats shows great design and build quality, as well as having the College values engraved on top. We hope to see more of these high quality creations popping up around the schoolyard in the near future.

Mr Burke

Senior Boys Cricket Team

Welcome back to another year of Mill Park Secondary College’s Inter-School Sport program. On Monday 18 February, 2013 the Senior Boys Cricket Team led by Captain Lachlan Moran (12N) played in two Super 12 matches and came out of them both victors against Lalor SC and Wallan SC. The first match against Lalor SC was a close and well contested match with Mill Park SC coming home the stronger team winning by 3 runs. The final scores being Mill Park SC (4/78) to Lalor SC (2/75).

The second match against Wallan SC wasn’t as close but still a challenging contest with Wallan SC setting a total of 63 runs. Liam Gray (11H) and Brad Riley (11A) started the run chase by opening the batting and reaching Wallan SC total without any loss of wickets with Liam Gray scoring 32 runs and Brad Riles 17 runs.

Mr. Chad Rogers their coach was happy with the boy’s efforts but knows that in the next round they will need to step up their efforts in the Northern Metropolitan Region round robin that will be played on Friday 1 March if they are to reach the finals.

Mathew Robinson (Mill Park Secondary College AFL Trainee)

Mill Park Secondary College Inter-School Sport Policy

All students (Years 7 to 12) can only participate in TWO Inter-School Sporting teams during the College calendar year. Students are encouraged to choose carefully which teams they would like to be a part of.

David Maltby (College PE/Health, Sport and Activities)

Year 10 Students – Work Experience Program

All Year 10 students are required to participate in the Work Experience Program running in the last week of Term 2 (24-28 June). This is a valuable experience and is designed to assist students to explore possible career options & pathways. Students are required to organise their own placement and it is highly recommended that you get a start on finding a place as quickly as possible as you will be competing against other students from other schools. For students who are intending to work in the Building & Construction industry, there may be a requirement for additional occupational health & safety training (White Card) which will incur a cost (if not already doing VET Building & Construction). All enquiries regarding work experience should be directed to Belinda Mahony, Work Experience Coordinator in the Careers Centre (Monday-Wednesday).
Swimming Sports
Swimming Sports were held on Tuesday 12 February at the Coburg Olympic Swimming Pool. The carnival was a great success with Eaglet to be congratulated for being winners on the day. A huge thank you to the PE team for their fabulous organisation and to the students who participated and supported with great enthusiasm. Please enjoy the photos of our students having a wonderful time.

Athletics Sports
The Athletics sports are coming up very quickly also and will be held at the Meadowglen Athletics Centre on Friday 22 March. This will be a whole school activity and classes will not run back at school. We encourage students to wear house colours with pride!

On Demand Testing
Having successfully settled into secondary schooling, our Year 7 students have this week completed their first round of On Demand Testing for the year. Each student across the cohort sat two tests to determine their levels of reading and numeracy comprehension. The electronic tests, facilitated by the Victorian Curriculum and Assessment Authority (VCAA), are adaptive and therefore provide an individualised test tailored according to the responses of each student. The purpose of this diagnostic testing is to provide teachers with a snapshot of student ability; thereby highlighting the strengths of each student and indicating the areas where additional support may be required.

All students at the Middle Years Campus will complete two rounds of On Demand testing in 2013. Year 8 and 9 cohorts will be scheduled for preliminary testing early next term, with all cohorts to undertake the second round of tests in Term 4.

Any questions regarding the On Demand process should be directed to the relevant Program Learning Outcomes Manager. At Year 7 this is Ms Jacqueline Magee, at Year 8, Mr Jack Williams and at Year 9 Ms Lauren Hill.

Labour Day
A reminder to parents and guardians that Monday 11 March is Labour Day and therefore a public holiday. Students will not be required at school and parents and guardians are responsible for their care.

Staff Carparks
In the interests of student, staff and parent safety, parents are asked NOT to enter staff carparks to drop off and pick up children before and after school. These areas can become very congested at this time. Your cooperation is appreciated.
**IMMUNISATIONS 2013**

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

By now all Year 7 and 9 students will have received their immunisation cards, spare cards are available at the General Office. **All cards must be returned signed, even if the student isn’t being vaccinated.**

In 2013 the Hepatitis B vaccine will be available from local medical clinics or council immunisation services only to students who have not previously received the course of vaccine.

**IMPORTANT INFORMATION REGARDING STUDENT HEALTH**

If a student is unwell every attempt will be made to contact parents, carers or emergency contacts. In the event of serious injury or illness where a nominated person cannot be contacted, a decision will be made in the best interest of the student. **This is why it is vitally important that student records are maintained with medical conditions, allergies and special requests. If your child requires medication at school this should be monitored through sickbay.** Students are reminded that they should attend sick bay and then staff will contact parents. Students **should not** contact parents before attending sick bay.

**ANAPHYLAXIS**

Anaphylaxis (a severe, rapidly progressive allergic reaction that is potentially life threatening) affects a number of students at the College. If you have a child with this condition and have not alerted the College it is imperative you do so immediately.

**Parents who have received forms to be filled out can you please return them so we can update our records.**

One of the most common allergens are nuts and eggs and we ask that parents make their children aware of this condition, and to be careful when sharing food with other students.

If you have any concerns or queries regarding this condition please don’t hesitate to contact the College.

**ASTHMA**

Asthma affects approximately one-fifth of our student population. These students are encouraged to use their medication accordingly under the family doctor’s instruction, i.e. before sport if needed and students should have access to this medication at all times. Ventolin inhalers and spacers can be obtained at various locations around the school.

**OUTDOOR ACTIVITIES**

For all outdoor activities such as the Athletics Carnival on 22 March, students should wear appropriate clothing, a hat and apply sunscreen regularly to avoid the pain and danger of sunburn.

The PE curriculum offers a wide variety of sports and students are expected to participate. In the interest of dental safety a mouthguard should be worn when involved in sporting activities.

**HEAD LICE**

While children are at school many families will have contact with head lice. Head lice are small wingless, blood-sucking insects. Their colour varies from whitish-brown to reddish-brown... Head lice only survive on humans. If isolated from the head, they will die very quickly usually within 24 hours.

People get head lice from direct hair to hair contact with another person who had head lice. This can happen when people play, cuddle or work closely together. Head lice do not have wings or jumping legs so they cannot fly or jump from head to head. They can only crawl. Many lice do not cause an itch so you have to look carefully to find them; it is a good idea to check your child’s hair periodically.

**Treatment**

A lotion can be used to treat head lice. This can be purchased at a Pharmacy. Another method is by using conditioner. According to the Health (Infectious Diseases) Regulations 2001, children with head lice can be readmitted to school after treatment has commenced.

The following website offers resources and further information: http://www.health.vic.gov.au/headlice.

**INFECTIONY Diseases**

If your child has been diagnosed with an Infectious Disease (e.g. Measles, Chicken Pox, etc) please ensure they have a clearance from the doctor before returning to school.

If you have any concerns regarding your child’s health or safety don’t hesitate to call Cathy between 8:30am and 3:10pm.

*Cathy Cranfield, First Aid Attendant*
You are a Secret Agent masquerading as a Year 7 student. Your mission is to defeat the agents of the dangerous spy organisation, KAOS. You will discover KAOS' secrets and find secret weapons, coded messages and hidden clues.

The 2013 library orientation at Mill Park Secondary College inspired our Year 7 students to learn about the library services and clubs and the online programs and print resources.

Using the Secret Agent theme, an orientation program was devised around ten stations set up throughout the library. Each station contained clues and puzzles on espionage, spies and literature as well as questions relating to getting to know the library and its services. Students were introduced to Web 2.0 tools. An igoogle quiz tested the students' knowledge of an online encyclopaedia, World Book. The online library catalogue was used to locate resources. A glogster pathfinder guided students to interactive videos, websites and music about secret agents in film and literature. Students used ClickView to locate films and documentaries relating to all curriculum areas. Students were invited to become library monitors after watching a short film on the Library Monitors Program. They completed a Reading Interest survey which showed what type of books they like to read and learnt about the Readers' Cup and the Premier's Reading Challenge.

Our Year 7 Library Orientation Program was unlike any other. Students were active, excited and engaged. Most of all everyone had fun!
WELCOME! This is the first Career Newsletter for 2013... more will follow fortnightly. Hopefully you find them helpful as you try to decide on a career, and in deciding where you will study once you finish school. Reading the newsletters will help you keep in touch with new courses, career seminars, Career Expos, Open Days and information about selected careers. Take a few minutes to read them each fortnight, and plan to attend events that will assist you in your career decision making.

1. HOW DO I CHOOSE A CAREER?
Think about your interests, hobbies, abilities and values. What do you enjoy doing? How do you spend your spare time? What are you good at? What subjects do you enjoy at school? What is important to you? Thinking about and answering these questions will start giving you some clues. REMEMBER: You are likely to have several careers in your lifetime...so only think in terms of the next five years or so. Think also about the type of study you would like to be involved in after completing school. For example, would you like to earn money while you qualify? Are you good with practical things? In that case, consider an apprenticeship or traineeship (eg to become a carpenter or hairdresser). Would you like to study a subject(s) in depth and at a high level for 3 or 4 years? In that case, consider a university degree (eg to become an accountant or a nurse). Would you like to study for a year or so? In that case consider a TAFE certificate or diploma (eg in childcare or hospitality). Remember, this is only a start. You can often move (articulate) from TAFE to university, gaining credits as you go. Conversely, some university degree holders later study at TAFE (NOTE: government won’t fund qualifications at the same or lower level than you already have; eg, if you have a university degree, the government will not assist with the cost of a TAFE diploma).

2. HOW DO I OBTAIN CAREERS INFORMATION?
There are many useful sources:
• General careers websites (see Item 3)
• University and TAFE websites
• University seminars (eg ‘At Monash’ seminar series - details later in the year)
• School career counsellor
• Pamphlets and booklets available at school
• This career newsletter; attend relevant events
• University and TAFE Open Days (generally in August – dates to be supplied soon)
• Career Expos – eg ‘The Age’ has one 3-5 May with education providers represented; local career expos, eg Eastland on 6 August
• Friends and relatives are often a useful source

3. SOME GREAT CAREERS WEBSITES TO EXPLORE
There are many useful sites, however the following are a good start:
• for help with developing your own career plan go to www.myfuture.gov.au
• to find out about job opportunities, pay, job outlook for a particular job/career go to http://jobsearch.gov.au
• find out about a particular job, what it involves, the kind of person you need to be to suit it, and how you can get qualified by going to www.jobguide.deewr.gov.au.
• ‘Career Architect’ on the La Trobe university website considers your personality style along with your strengths and talents to recommend the right job and courses for you at: www.latrobe.edu.au/all-ways/find-your-career (there are many instruments available)
• For comparing degrees and universities see www.whatdegreewhichuniversity.com, a web-site with info direct from university students about universities throughout Australia.

4. FOLIO PREPARATION AND CAREER DISCOVERY COURSES
RMIT runs short courses which can improve your skills, help with career decisions and prepare you for future folio presentations. They cover areas like: architectural drawing, 3D product design, AutoCAD, drawing, fashion, studio textiles, design jobs, visual/fine art, desktop publishing, graphic design, advertising, interior decoration, visual merchandising. Contact: ph 9925 8111 or see www.shortcourses.rmit.edu.au. Some courses are on Saturdays, others in school holidays.

5. UNIVERSITY OF MELBOURNE NEWS
First preference applications for the University’s Arts and Science degrees were the most popular courses in Victoria in the 2012 course applications. The courses received 2829 and 2365 first preferences respectively. Commerce was fourth with 1421 first preferences. The clearly-in ATAR for Arts was 91.4, for Science, 91.95, and for Commerce, 95.00.

NOTE: Clearly-In figures do not take account of the fact that some students are offered places in courses with less than that for reasons such as disability, non-English speaking background, personal circumstances and so on, or because they performed particularly well in a relevant subject. It means that anyone who gained the clearly-in ATAR, or more, was definitely offered a place.

Melbourne has its’ annual Veterinary Science and Hospital Open Day at the Werribee campus on Sunday 17 March. If you would like to find out more about studying veterinary science, then attendance is a must (details later). NOTE: Melbourne is the only university in Victoria with a veterinary science degree (it’s post-graduate). Very competitive.
6. MONASH UNIVERSITY NEWS

- **MUSIC SCHOOL** - Monash is soon to have a new state-of-the-art building to house the Sir Zelman Cowen School of Music. In addition to teaching and practise spaces, it will include a concert hall, jazz club and a recording studio. The building will offer world-class facilities, and will be a fusion of elegant design and high technology infra-structure, reflecting the philosophy underlying the School of Music, which seeks to inspire its students with an experience of music’s power to transform lives. Other news is the addition of a subject: “Song writing: how to write a pop tune”, including weekly lectures focusing on popular composition and creative writing. For info. and to see a virtual image of the new building: http://artsonline.monash.edu.au/music.

If you plan to study actuarial studies you are advised to take specialist maths in Year 12.

- **NURSING OFFERED AT CLAYTON IN 2013** Monash now teaches nursing at the Clayton campus. Prerequisites are: 3/4 English (any) and maths (Units 1 & 2 general or methods, or 3/4 maths (any)).

7. WANT TO STUDY MEDICINE OR PHYSIOTHERAPY AT MONASH UNIVERSITY IN 2013?

If so, you will need to complete the Undergraduate Medicine and Health Sciences Admissions Test (UMAT). Applications to complete the test open in April, and close at 5pm on 7 June. The test is on 31 July. (The UMAT is required for some interstate universities as well). NOTE: the other three medical schools at Victorian universities are all post-graduate (Melbourne, Monash (Gippsland) and Deakin (Geelong)).

8. INTERESTED IN SOUND, LIGHTING AND VIDEO OPERATION FOR LIVE EVENTS?

Then RMIT’s Cert IV/Diploma in Audiovisual Technology may suit. Graduates are sought after for work in AV operation for live events, broadcast TV and radio, education AV support, lighting operation, permanent AV design and installation and vision operation. Technically minded? Love jumping into active productions or school events? You will probably enjoy this course. Selection is based on interview. Completing VET Music Industry or Live production, theatre and events is good background. Info: simon.embury@rmit.edu.au, ph 9925 4345, www.rmit.edu.au/mediacommunication.

9. CONSIDERED COMPLETING A PRE-APRENTICESHIP?

Pre apprenticeship courses are offered in areas like plumbing, electrical, carpentry and automotive. Completed before attempting to gain an apprenticeship, they cover some modules normally covered in the apprenticeship. They usually take about four months and assist students gaining an apprenticeship, with many employers expecting applicants to have done one. They can be done at TAFE, or are sometimes offered (at least in part) in VET courses in school (eg VET Building and Construction).

Compiled by: M. Walker
Dear Parent,

Photographs will be taken at Mill Park Secondary College, Middle Years Campus on 13th February 2013.

School photos provide a unique opportunity to record these special times for years to come. Personalised Photobooks are included in three of our package options and provide a unique photo record for students and a lasting memento of their year at school.

If you do not have Internet access or encounter difficulty ordering photographs you may contact our office directly on (03) 5243 4390, or complete this order form and post to us with your cheque/money order or credit card authorisation payment.

Orders will be accepted 1 week before photo day and up to 3 days after photography. Anyone wishing to place an order for photographs after this time will need to contact our office directly. An additional handling charge of $9 is added to all late orders.

Your photographs will be delivered to the school approximately four weeks after the completion of photography and come with our ‘Unconditional Money Back Guarantee’.

We look forward to providing school photographs to you.

Ph: (03) 5243 4390

Student Exchange Programs—Are you Interested?

EXPERIENCE ANOTHER CULTURE IN 2013 AND IMPROVE YOUR LANGUAGE STUDIES AT HOME

In June-July students from over 20 countries around the world will be arriving in Australia to study at local high schools for 5 or 10 months. Opportunities exist for families to act as a host family, in a volunteer capacity. Hosting can be on a temporary, short or long term basis. Host families help provide international students with the chance to study and experience life in Australia. This is a great way to learn about another country and culture, establish a lifelong link to a family in another country and contribute to international goodwill. If your family can offer a friendly, supportive and caring home environment, contact us today.

To hear more about this wonderful opportunity or our student exchange programs out of Australia
Call Student Exchange Australia New Zealand on 1300 135 331 or visit
www.studentexchange.org.au/host-a-student

World Education Program (WEP) Australia

World Education Program (WEP) Australia is now accepting applications from students who wish to participate in 2013/14 exchange programs for a summer, semester or year. Students can choose to study and live life with a carefully selected host family in more than 25 countries.

I did it! 10 months in a foreign country, without knowing the language, culture and not even a single person at first. I have experienced unforgettable moments of highs and lows, but I can’t imagine not having done this now. Thinking about all the amazing people I’ve met, the lessons I have learnt and things I have seen, I feel truly lucky to have been here living a different life. I have no regrets, as I have grown to be more mature, open to life and aware of the world around me. Despite it being hands down the hardest, it has also been the best thing I have ever done for myself. I now feel ready to start life in Australia with a clearer idea of who I am, knowing my strengths, weaknesses and my future goals. Exchange has really helped me define myself and become a stronger and more confident person.

Alison (Moreton Bay College) year program to Italy

Exchange students return to Australia with maturity, confidence, and in many cases, proficiency in another language. If learning another language is not for your child, excellent programs to the USA, Canada, Ireland and the UK are also available.

Scholarships to Argentina and China and Early Bird Specials are now available for programs commencing in 2014!

Become a WEP Host Family!
Experience the joys of hosting an exchange student and gaining an international family member. Visit www.wep.org.au to find out more.
