College Principal’s Report

PARENT TEACHER INTERVIEWS
Parent Teacher interviews were held on Wednesday 4 September. We have already received some very positive feedback from families. The online booking system continues to have some teething problems which we will address and are confident that next year it will run more smoothly. If you missed the interviews or have any queries do not hesitate to contact the College.

PREPARATIONS FOR 2014
Preparations for 2014 are well under way. Student subject selections have been collated and the units being run in 2014 are being determined. We have reviewed the changes made to the process and have been given very positive feedback about the increased opportunities for parents to seek pathway advice. Of concern, however, are the students who have not submitted their subject selection forms. These forms are required urgently. Students and parents are encouraged to seek advice from our excellent careers team should they have any questions.

MYKI NEWS
We have received communication about the issue of fare evasion. Fare evasion has an impact on the resources available to invest in public transport. All students who use public transport need a Myki card. They are now available for purchase and top up on buses. The cards should be used to ‘touch on’ and ‘touch off’. This provides Public Transport Victoria (PTV) with valuable information about use of the system and assists in determining the demand for routes servicing the College.

SPRING HAS SPRUNG AND THE MAGPIES ARE SWOOPING!
The warmer weather is finally here, along with the allergies and swooping Magpies. Swooping birds can be a frightening and even dangerous experience for any unsuspecting passers-by. August to December is the period when many areas become danger zones as native birds swoop to protect their nests, eggs and young. The Whittlesea Council has provided a fact sheet about swooping birds which I have included in this newsletter. As the footy finals commence it seems quite appropriate to be wary of Magpies!

FROM SEPTEMBER, FIVE THINGS TO REMEMBER
UV radiation levels are already rising in Victoria so don't wait until summer to use sun protection. Australia has one of the highest rates of skin cancer in the world. More than 1700 people die from skin cancer every year – that's more than the national road toll. In Victoria, from September through to the end of April average UV levels are 3 and above, which is when UV radiation can damage skin and eyes and lead to skin cancer.

So when the UV Index is 3 and above:
- Slip on sun-protective clothing
- Slop on SPF30+, broad spectrum, water resistant sunscreen – put it on 20 minutes before you go outdoors and every two hours afterwards
- Slap on a hat – that protects your face, head, neck and ears
- Seek shade
- Slide on some sunglasses – make sure they meet Australian Standards.

From September to April, just a few minutes of UV exposure to the face, arms and hands or equivalent area of skin should be enough for most people to maintain vitamin D levels. However people with naturally very dark skin may need three to six times the exposure level.

For the times of the day that sun protection is needed, check the SunSmart UV Alert in the weather section of daily newspapers or at www.sunsmart.com.au. During the day live UV levels for Melbourne can be found at www.arpansa.gov.au. Particular care should be taken between 10am and 2pm (11am and 3pm Daylight Saving Time) when UV index levels reach their peak.
Trish Horner

A FLOCK OF DOVES

Year 9 students enjoyed the ceramics and sculpture elective. They created a delicate flock of doves. These birds were made using the pinch pot method with white earthenware clay. They were bisque fired. Each student then painted the glaze onto their dove in readiness for the second firing. Finally, the Year 9s rubbed drawing ink into the surface of the glaze and then wiped back the ink to leave a crackle finish. The glazed surfaces complement the elegant, hollow shapes. The students understood the lengthy process of making ceramics which involved creating, bisque firing, glazing, glaze firing and finishing. The students enjoyed seeing how the pinch pot technique was used to create many different shapes, forms and sculptures. The stylized doves are simplistic and beautiful.

Luisa Castaldo

BPAY

The BPAY facility is now available at Mill Park Secondary College as another payment option for families to pay their account.

Your Biller Code is unique to you and appears on the College statements. A current statement has been forwarded to you for your information.

You can use BPAY to pay for excursions, camps, and parent supported materials charges, or any payments you make to the College over $10.00. When using the BPAY facility your payment option is not identified when received at the school, you will need to notify us by email at www.millparksc.vic.edu.au, by telephone either to the Middle Years Campus Accounts on 9407 9730 or the Senior Campus Accounts on 9409 8202, or by a note to the school to advise us where to allocate the payment.

In line with the Department of Early Education and Childhood Development (DEECD) policy, if you do not advise the College what you are paying for, the BPAY funds (transferred without identification of invoice to be allocated to) will default to elective charges and parent supported materials charges. BPAY funds in excess of outstanding invoices will be held unallocated until such time as future invoices are raised.

CHANGE OF DETAILS REMINDER

Parents and Carers are reminded if there are any changes to their details (ie: address, contact numbers), please advise the General Office, as we need to ensure all records are kept up to date.

REMINDER – FINAL IMMUNISATIONS

Parents and Carers are reminded that Wednesday 18 September is the 3rd and final immunisation for Year 7 (boys and girls) and Year 9 (boys) for the Human Papillomavirus (HPV). Should you have any questions, please contact the School Nurse, Cathy Cranfield on 9407 9700.

END OF TERM

The last day of Term 3 is Friday 20 September, parents and carers are reminded that school finishes at 12:35pm so staff can attend end of term briefing.

A FLOCK OF DOVES

Year 9 students enjoyed the ceramics and sculpture elective. They created a delicate flock of doves. These birds were made using the pinch pot method with white earthenware clay. They were bisque fired. Each student then painted the glaze onto their dove in readiness for the second firing. Finally, the Year 9s rubbed drawing ink into the surface of the glaze and then wiped back the ink to leave a crackle finish. The glazed surfaces complement the elegant, hollow shapes. The students understood the lengthy process of making ceramics which involved creating, bisque firing, glazing, glaze firing and finishing. The students enjoyed seeing how the pinch pot technique was used to create many different shapes, forms and sculptures. The stylized doves are simplistic and beautiful.

Flying high with a School Based Apprenticeship

An option for students in Year 11 and 12, which is often overlooked, is to complete a School Based Apprenticeship, where students divide their time between school and a workplace during Years 11 and 12. This allows students to graduate with a Year 12 qualification at the same time as gaining valuable career experience, a VET certificate and partial completion of an apprenticeship.

One such student at Mill Park Secondary College is Jesse Edgell. Jesse is completing a School Based Apprenticeship (SBAT) at Mill Park Secondary College and Qantas, based at Melbourne Airport. This is an amazing opportunity for Jesse, and one that he is undertaking with a lot of excitement.

Jesse was nominated for the program, but was then put through a rigorous application and interview process where he was finally selected to undertake the SBAT.

Jesse started work at Qantas Melbourne Airport in February of this year. As part of his employment, he has had the opportunity to fly to Sydney for induction and training, and now performs a variety of customer service tasks at work. These include being punctual to arrive at the airport, helping customers to check in at kiosks and baggage drops, making announcements and a range of other tasks. As part of his SBAT, he is also completing a Certificate III in Business.

The school is very proud of Jesse’s work in the program, as is Ms Vickers (Careers teacher) who helped Jesse find out about the program and his options.

Apprenticeships and Work Placements can be very hard to get into. Placements are limited and many companies offer a very small number of opportunities for students. As such, students who are interested in these areas, need to seek regular discussions with the careers team at Mill Park to learn about options and advice, and also work hard to keep up to date in class, so that potential employers look upon them favourably.

If you would like to find out more about options for School Based Apprenticeships (SBAT) please contact Ms Vickers or Ms Mitchell in the Careers Office.
1) **UN Youth Australia Evatt Victoria** - the state’s round of Australia’s largest schools diplomacy competition.

The College debating team is proud to announce that two of our students, **Karisma Takah 12O** and **Cam Lu 12E**, have progressed to the finals of the Evatt Victoria Competition. They beat 335 other teams from mostly elite private schools to reach the final 15 teams needed to replicate the UN Security Council. Karisma and Cam will represent the United Kingdom.

Karisma Takah  
Cam Lu

The Evatt competition places young Australians in the shoes of UN Security Council representatives, giving them a deeper understanding of global issues and training them in the skills they need for active citizenship.

Students compete in Evatt in teams of two. The competition takes the form of a mock session of the UN Security Council, where teams debate, amend, and vote on a resolution prepared by the UN Youth facilitators from the perspective of one of the Security Council’s member nations.

We would also like to congratulate **Adrian Salerno 12C** and **Aydan Hussein 12I** who made it to the semi-finals.

Adrian Salerno  
Aydan Hussein

Other participants were Emily Stambanis 11A, Selina Matthews 11J, Caner Gulsen 12F, and Pierce Colby 12C.

2) **Debating Association of Victoria**

The Debating Association of Victoria’s regional rounds for 2013 ended with Mill Park Secondary College’s B Grade Team ranked fourth in the Watsonia region. **Paloma Kostur 11N**, **Emily Stambanis 11A**, and **Margarita Papadopoulos 11N** are to be congratulated for their well-developed arguments and excellent communication skills.
With the cold weather behind us and warm spring days beginning, it was the perfect time for the Year 12 Outdoor and Environmental students to venture out for their last ever school camp. The group headed north to the Murray River for a four day canoeing trip through the Barmah National Park and into Echuca. Starting from Picnic Point, the students carefully packed their boats with everything they would need for the next four days and waved goodbye to the bus. It was an incredibly relaxing experience as each day the group wound their way further downstream in the beautiful sunshine. Each afternoon we pulled our boats up onto the riverbanks to make camp, then sat around the campfire, sharing stories, quotes, jokes, riddles, marshmallows and getting to know everyone far better than you can in the classroom. The scenery changed dramatically as we paddled past farms, private properties, caravan parks, through a National Park and the beautiful Barmah Lakes area which is a protected wetland of international significance. The wildlife we spotted from the river was incredible, seeing everything from kangaroos to wild horses as well as fish and countless species of birds. After recent heavy rains, the river was running quite high and some sections were in flood, putting surrounding forests (and picnic tables) under a metre of water! While everyone was happy to get back home for a shower and a real bed, it was a great trip and the perfect way to finish the year of VCE Outdoor and Enviro camps.

I would like to say thank you to all the VCE Outdoor students who have made all the camps this year so successful and enjoyable. Also a big thanks to the staff who volunteer their time to make sure these camps can be run; Chad Rogers, Fabian Zito, Lucy Shiels, Graeme Lipback, Dave Maltby, Matthew McGovern and especially Mat Robinson.

Maree van Raay
Outdoor Education & Environmental Studies
Year 11 Unit 1 and 2 - VET Fashion excursion to HARVEST TEXTILES

On 9 August the Year 11 VET Fashion class attended an excursion to a small Textile Printing business in Brunswick. The students needed to arrange their own transport to and from the venue as they would if they were taking part in a work experience exercise. They spent the full day at Harvest Textiles learning about how the business was established and the roles and responsibilities of those that work there.

The excursion covered two competencies 1. ‘Working in the Textile Manufacturing Industry’ and 2. ‘Environmental and Sustainable Practices used’, which students needed to demonstrate knowledge and understanding of to meet the requirements of the VET Course.

The students had a great day being actively involved in all aspects of the workroom, designing their own print through to printing this onto fabric and then working through the cleanup process.

Attached are some images of the students during their day at Harvest Textiles.

Karen Szitarity
VET Fashion Teacher
Yr 7 Camp
Year 7 students will attend their camp next week on Monday, Tuesday and Wednesday. I am sure they will have a fantastic time. A reminder to all Year 7 students who are NOT attending camp that they are still expected to attend school.

Kool Skools
Students from across the College will take part in the annual Kool Skools program on Monday and Tuesday next week. This is an incredible opportunity for students to experience writing and recording their own music and songs. We look forward to hearing the finished result.

Congratulations!
Congratulations to Katalina Siburian of 7AR who competed in the State Swimming Championships last week and won a Silver Medal in the 200 metre breaststroke and a Bronze Medal in the 100 metre breaststroke events. Katalina will head to Adelaide next week to compete in 7 events representing School Sports Victoria. We wish her all the best!

End of Term
The end of term is Friday 20 September. Term four will begin on Monday 7 October. We wish all our families a safe and happy break.

Sesame Street Cupcakes
Year 9 students created Sesame Street cupcakes in the Baking and Decorating Food elective. Not only did they cook the cupcakes, they decorated them with butter icing and confectionary. Elmo, Cookie Monster and Oscar the Grouch look too delicious to eat.

Anita Burum, Food Technology teacher
**Simon Higgins – Author visit for Year 8**

Chantel, Shania and Emily, students from Year 8, discussed Simon Green’s presentation.

The Year 8s already knew a lot about samurais and the bushido code of honour as we had studied Japan under the Shoguns. We had learnt about the different classes of society and how people were treated in Japan’s hierarchical society. Simon Green made this history come alive.

Simon Higgins talked about the stories he had written and summarized the main ideas. He showed us the similarities and differences in his books and directed us to his website.

He presented a slide show which revealed many important aspects of Japanese culture and history. Simon wrote about samurais and ancient Japan. He had lived in Japan for three years and learnt martial arts under the direction of his master. Although his master was short, he was scary. He taught Simon how to be a champion and how to win martial arts competitions. The author showed us his sword which was hanging from his belt and demonstrated some martial art moves.

He told us a story about an Asian lady who was an expert in martial arts and a ruthless opponent. He also talked about the rituals and importance of the lengthy Japanese Tea ceremony which was conducted in silence.

Simon Higgins wrote scary, horror books as well as samurai stories. When he worked as a police officer, he witnessed crimes and murders and used these incidents in his crime stories. We really enjoyed his visit and would like to thank Mr. Luke Matthews and Mrs. Valerie McGowan for organizing this visit.

Chantel Abdalla, Shania Mercer and Emily Martin (8AW)

---

**Sporting Achievement MYC**

The Northern Football League Presentation Night was held in Lower Plenty on Wednesday 22 August. There were two students who did extremely well and won awards from our school.

Congratulations to **Larissa Cullen** of Year 9 on winning the U16 Youth Girls Best and Fairest award for the Northern Football League. Larissa plays for South Morang and had a fantastic season.

**Mitchell Andrews**, also of Year 9, managed to finish 2nd in the U14 Blue Best and Fairest Award and plays for Epping Junior Football Club.

Both students were also selected into their respective Northern Football League Representative Sides this season. A fantastic achievement by both of our students!

Darren Patterson
Sports Coordinator MYC
End of Year Tests/Exams for MYC Students – Week 6/Term 4

After twelve months of consideration by the Curriculum Leaders Team, a decision was reached in 2012 to introduce end of year tests/exams for core subjects for Years 7, 8 and 9 students in 2013 in Week 6 (Term 4).

The purpose of the end of year tests is to expose the students to the process of studying for exams, as well as teaching them how to apply their knowledge and skills under timed conditions. Feedback collected from staff and students have revealed that all parties believe that early experience to tests/exams enable the students to cope with the demands of later years and VCE, as they get better at applying their skills if given the opportunity to practise.

The exams are not designed to rank students or be the main measure of their learning of the year’s work. They are designed to enable all students to demonstrate what they have learned and provide a summative assessment tool, to enable teachers and students to reflect on key skills developed or how students have been able to interpret questions. The content for every exam will only be taken from what all students have covered throughout the year at their level.

Teachers will be reviewing for the tests during Week 5 (Term 4) and preparing their students in relation to what to expect from their exams as well as appropriate study skills. Students requiring assistance with their normal classroom learning will be provided with additional assistance during the exams if required.

A timetable and detailed instructions will be distributed at the start of Term 4.

Parental/carer support is essential for this initiative to be most beneficial for all students. The reality is that students demonstrate improved skills if they have numerous attempts at doing something and are provided with appropriate feedback that is meaningful. End of year testing creates an opportunity for students to practise essential skills necessary for continued success at school.

Please see below the breakdown of subjects into year levels that will be tested and the expected duration of the tests.

**Year 7 Timed Exercises**

*Tests in classroom*
- Maths – 90 minutes
- English – 90 minutes
- Humanities – 45 minutes
- Science – 45 minutes
- PE – 45 minutes
- Italian – 45 minutes
(SEALs 90 minutes)

**Year 8 Timed Exercises**

*Tests in classroom*
- Maths – 90 minutes
- English – 90 minutes
- Humanities – 90 minutes
- Science – 90 minutes
- PE – 45 minutes
- German – 45 minutes
- Italian – 45 minutes
(SEALs 90 minutes)

**Year 9 — EXAMS**

- Maths – 90 minutes
- English – 90 minutes
- Humanities – 90 minutes
- Science – 90 minutes
- PE – 90 minutes

Mrs Leesa Mereos
MYC Curriculum innovation
Careers

Reminders

- Occupational Therapy info evening; 5.30-8pm, 12 Sept; Austin Hospital, Heidelberg; Register: Monica.williams@aubin.org.au
- Medical Radiations at Peter Mac; 15 Sept; Info: ph 9656 1375, RTEducation@petermac.org, www.petermac.org.
- Monash Year 11 Inspiration Day – 26 Sept; Caulfield; Register: www.monash.edu/year11-day; Info: Eddie 9903 1613 or onshore: events@monash.edu.
- Nuclear Medicine Hospital Visits – 26-27 Sept; Info: medicalsciences@rmit.edu.au, see www.rmit.edu.au/medicalsciences/nuclearmedicine.

❖ CAREERS IN PSYCHOLOGY – Many students are interested in studying psychology, but are unsure what it involves. Find out by attending a ‘Careers in Psychology’ free information evening run by the Australian Psychological Society (APS) Student Society. When: 6.30-9.00pm, Fri 20 Sept; Where: Advanced Technologies Centre, Swinburne University, 427-451 Burwood Rd, Hawthorn; Park: www.swinburne.edu.au/corporate/facserv/parking.html. Bookings not required.

❖ YEAR 12 STUDENTS –

- APPLYING FOR COURSES - A reminder that you need to apply for courses through VTAC for 2014 by 27 September (www.vtac.edu.au). The cost of applying up to that date is $27.00. If you apply after this date the charge rises to $91.00. You can apply without paying at the time, but be aware that if you do not pay at all, you will not receive an offer of a place in January 2014. Remember that once you apply, you can change your application. The final time you can change your application is at noon on 23 December.

- SCHOLARSHIPS – Reminder: All current Year 12 students are advised to apply for Equity and Merit scholarships via VTAC. VTAC scholarship applications for domestic students close at 5pm on 18 October 2013. See: www.vtac.edu.au/applying/process.html. Also check individual institution websites for other scholarships. There are also Student Start-Up and Relocation Scholarships available to students receiving income support; these are administered by Centrelink. Indigenous Commonwealth Scholarships are administered by institutions and will be allocated to students who meet the Commonwealth eligibility as described on the Centrelink website and have had their Indigenous status confirmed.

❖ OFFERS – VTAC has announced that offer letters will no longer be mailed to applicants. When offers of places are released on 17 January 2014, applicants will be able to view their offers in their VTAC user account. Offers may also be published by newspapers with the applicant’s permission. NOTE: Verbal offers have no status; if you receive a verbal offer, ask for the name of the person making the offer and contact VTAC.

❖ AUTOMOTIVE MODERN APPRENTICE-SHIP PROGRAM – Vantage Automotive P/L is a major provider of government funded vocational learning and outsourced services to major vehicle manufacturers. Applications are being sought from people interested in joining the motor trade. Applicants from all over Australia are encouraged to apply, and if you are selected will be offered full time employment at a dealer close to your home. Positions are already available for 2014. Info/apply: www.vantageautomotive.com.

Mill Park Secondary College CareerNews No13; 06.09.2013

RESPECT ACHIEVEMENT RESPONSIBILITY ENJOYMENT
Together, we engage, educate and celebrate excellence, developing students who are respectful and responsible.
Another suitable organisation is the Victorian Automobile Chamber of Commerce (VACC); see [www.vacc.com.au](http://www.vacc.com.au) and go to Apprenticeships and Training.

**NURSING AT LA TROBE UNIVERSITY** – From time to time, universities change the prerequisites for their courses. La Trobe university has announced that from 2016 (applicable to current Year 10 students) the Bachelor of Nursing and the Bachelor of Nursing/Bachelor of Midwifery will require a study score of at least 20 in one of Units 3 & 4 biology, chemistry, physics, any maths, psychology, physical education or Health and Human Development (in addition to Units 3 & 4 English (any), currently the only prerequisite).

**LA TROBE MELBOURNE** – La Trobe Melbourne is a pathway into a degree from La Trobe University. La Trobe Melbourne is part of the Navitas group, an internationally recognised education provider with the knowledge and resources of staff in more than 50 different college and campuses worldwide. The diploma programs are in Business, IT, Mass Media and Communication, Bioscience and Health Science. These diploma programs are equivalent to the first year of a University degree, but with smaller class sizes and increased academic contact. After you have completed the Diploma, you progress into second year of a range of Bachelor degrees at La Trobe University (see pages 230-231 of VTAC Guide).

**NOTE:** This is similar to the Melbourne Institute of Business and Technology’s (MiBt) relationship with Deakin University. Monash College also has pathways to Monash University; Swinburne has UniLink. Another pathway to university is a TAFE Diploma. As a rule, two years at TAFE equals one year at university (in a related field).

**AUSTRALIAN CATHOLIC UNIVERSITY (ACU) BONUS SCHEMES** – ACU offers a number of bonus schemes to Year 12 applicants, including the Early Achievers Program (EAP) and the Elite Athlete Bonus (5 point bonus). Some of these schemes apply to applicants automatically, while others require an application form. For details see: [www.acu.edu.au/acessacu](http://www.acu.edu.au/acessacu). Applications for EAP close on 21 October; applications for the Elite Athlete Bonus scheme close on 1 November.

**MORE THAN ONE CAREER – A LAW PANEL EVENT** – The Faculty of Law at Australian Catholic University (ACU) is hosting a panel of law professionals to discuss the benefits and opportunities from studying law. Find out about the range of careers that ACU law graduates may undertake. Some panellists have pursued the traditional employment path, while others use their degree to influence policy or fulfil a critical role in organisations. Guest panel members include Cr Jackie Fristacky, Mayor of Yarra City Council, George Georgio SC, Barrister, Peter Seidel Partner, Arnold Bloch Leibler and Danielle Taske General Counsel, Work Safe. When: 6-7.30pm, Thurs 19 Sept; Where: ACU Melbourne campus, Fitzroy; Info and book: [http://www.acu.edu.au/about_acu/faculties_institutes_and_centres/law/news/more_than_one_career_-_law_panel_event](http://www.acu.edu.au/about_acu/faculties_institutes_and_centres/law/news/more_than_one_career_-_law_panel_event).

**JMC ACADEMY** – has workshops in the holidays to help you find out what a career in the creative industries can be like. JMC specialises in courses in 3D animation, audio engineering and sound, entertainment business management, film and TV production, games design and contemporary music performance. When: JMC, 171 Bank St South Melbourne; Cost: $10 per day (with lunch); Bookings: [www.jmcacademy.edu.au/News/2013-07-05/MELBOURNE-WORKSHOPS.cfm](http://www.jmcacademy.edu.au/News/2013-07-05/MELBOURNE-WORKSHOPS.cfm).

**AUDIO-VISUAL TECHNOLOGY** - Do you want to learn the skills of the audio-visual industry including lighting, sound, TV production, design, installation and event management while working on real-life productions and events around Melbourne? If so, check out the RMIT one-year Cert IV or two-year Diploma in Audio-Visual Technology. Audio-visual technologies have a worldwide presence in home, shopping, government and corporate environments, and their evolving applications are one way for companies to differentiate themselves from competitors. As AV technology is aligning with computer technology, new job roles are created to cater for a new market. Industry professionals often look to employ RMIT graduates due to their professionalism and strong can-do attitude. Info: [www.rmit.edu.au/programs/c4230](http://www.rmit.edu.au/programs/c4230).
Fact Sheet

Magpies

October and November can be a potentially threatening time if you are living in magpie territory. This is the period in which attacks by magpies occur.

Magpies attack people because they have an innate sense to defend their territory, particularly at nesting time. They are protecting their nests, eggs or young from potential intruders, irrespective of whether they are other magpies, predators or people.

Their territory may include your backyard, the park across the road or the local school yard. It doesn’t matter to the magpie as long as he considers you a potential threat. However, the probability of an attack is increased by interfering with, or teasing the magpie.

Scare tactics for magpies

- **Swooping** is the common attack method. The bird is threatening or bluffing and only means to scare the intruder. It is unlikely to attack if you walk confidently keeping an eye on it.

- **Beak clacking** as the bird swoops overhead is another form of bluff. Like some dogs, magpies can sense fear and will capitalise on it by continuing to attack.

- In a **strike attack**, a magpie usually swoops, hovering momentarily and then strikes. The fluttering of wings as the bird hovers can be a warning to duck and avoid an attack.

What to do

Keep in mind that magpies attack only during the nesting and rearing periods, and that most attacks are really a bluff - the bird rarely has any intention of actually striking.

There are many ways to avoid the impact of magpie season:

- Try to stop children and others interfering with magpies.

- Try to avoid the swooping area.

- Wearing a hat while working or playing in the backyard and garden is one of the simplest means of protection. The hat deters much of the magpie activity and also deflects any accidental or intentional strike by the bird.

- Magpies hate being watched so children playing in the yard could try wearing a hat or ice cream container with eyes painted on the back of it; sunglasses worn backwards have a similar effect.

- Waving a stick or a hat will often cause the bird to retreat.

- Avoid walking alone, birds tend to swoop at individuals not groups of people.

- Try not to be scared and run this will only encourage the bird to continue attacking.
