Discover how you can
Create your future!

International Student Program

Create your future!

www.millparksc.vic.edu.au

MILL PARK SECONDARY COLLEGE is a large secondary College in Melbourne's north. It is located within easy access to all forms of public transport and two of Melbourne's best Universities. We offer over 50 VCE and VET subjects, including multiple classes of Physics, Chemistry and Biology, as well as the full range of Arts, Technology and Sport subjects.

International Student Program

Mill Park Secondary College is a diverse and multicultural school and runs a highly successful and popular International Student Program for overseas students. The International Program has profoundly enriched the day-to-day lives of all students and the contribution of International Students to the College is welcomed, celebrated and recognised.

Our International Students enjoy the full time support of a dedicated International Student Co-ordinator who is responsible for providing ongoing personal assistance and welfare support to the students. The International Student Co-ordinator organises everything from airport reception and pickup to quality homestay accommodation with local families.

To assist with the adjustment of living and studying in Melbourne, students are involved in an extensive, personalised Orientation Program.

International Student Enrolment Process

All applications are processed through the International Education Division. Please refer to their website

www.study.vic.gov.au

Follow the links for applying.

Note: Information can be read in Chinese, Japanese, Vietnamese and Korean.

On site English Language Centre

International Students are able to complete their Intensive English Language Program on site. Students in our English Language Centre complete intensive instruction in the English Language for up to 6 months from highly qualified English Language teachers.

Some of the many benefits of this are that students:

- have a smooth transition into mainstream classes.
- get to know teachers who will teach them in their subjects.
- can participate in College activities.
- have an opportunity to make friends.

Homestay

Living with a Homestay provides students with the best possible way to experience Australian culture and to improve their English language.

Families are very carefully interviewed and selected, following a thorough selection process in accordance with International Education Division guidelines.

At Mill Park Secondary College our international students are placed with kind, caring and supportive families in the local area. They are regularly visited and monitored by the International Student Coordinator enabling close relationships to form between families and school. Our priority is to ensure that each child is safe, happy and supported.

Student Welfare, Care & Support Services

The welfare of every student is a priority at Mill Park Secondary College. We recognise that international students have differing needs and require extra support to enable them to be settled and happy in a new environment.

Our students have access to a range of support services which includes Student Welfare Coordinators, youth workers, medical professionals, careers teachers, Year Level Coordinators and Home Group teachers.
