Pathways Guide

When selecting a VCE program, students should consider their pathways beyond school, to ensure the subjects they have selected address prerequisites for University or TAFE courses; and are appropriately suited to their interests and abilities.

A 'pathway' is not a pre-set combination of units that you have to choose, but a suggested package of subjects for students to consider when selecting a VCE program. Students should use the following section as a guide to construct their VCE or VET program, in discussion with parents, teachers, Careers Advisors and other knowledgeable sources.

NOTE:

- Students are free to choose any combination of units for the VCE, so long as the compulsory English requirement has been satisfied.
- The suggested pathways are examples only. Students do not have to choose one of the pathways in this section.
- When deciding on the best combination of units, students should visit the VTAC website (<http://www.vtac.edu.au>) and consider all prerequisites for any University or TAFE course of interest.
- For English as an Additional Language students in Year 11, it is compulsory to select 'English as an Additional Language' (EAL) in addition to the compulsory English requirement of 'Bridging EAL'.

Why Suggested Pathways?

- To help students and parents see connections between VCE/VET and TAFE, University and employment.
- To provide purpose and coherence to the student's VCE program.
- To guide students who have a clear pathway beyond school, but are unsure of the most appropriate combination of subjects.

How to Use the Pathways Guide

Students who have a clear pathway beyond school in mind should use this section. Not all students will have a clear pathway in mind at this stage, and should use this section to identify any potential areas of interest, in conjunction with subject descriptors in this handbook, when deciding on a program.

For students considering Higher Education (University, etc.), it is important to remember that prerequisites for courses and careers can change from year to year. It is vital that students seek out the most recent information from VTAC's website (VICTERs), and/or Careers Teachers. Prerequisite subjects for courses are not negotiable and must be met to gain entry to that specific course. Subjects listed in the "Additional Considerations - Subject Bonus" section of VTAC course search will often give direction to desirable units of study students should consider.

Once a career direction has been decided, students should 'backwards plan' to decide which program and combination of units will lead to their chosen career pathway. At this stage students should ask:

- Do I have some ability in/am I good at the subjects I wish to pursue?
- Do I enjoy the subjects and the field of work to which they lead?
- How do these subjects relate to my career intention?

Architecture/Drafting PATHWAY						
Compulsory VCE Units		Suggested VCE Units				Other/VET VCE Units
Year 11 (Units 1 & 2)	English Requirement Units 1 & 2	Mathematical Methods (CAS) Units 1 & 2 and/or General Mathematics Units 1 & 2	Visual Communication Design Units 1 & 2	Product Design & Technology – Materials Units 1 & 2	Studio Arts Units 1 & 2 and/or Media Studies Units 1 & 2	Any units from VCE or VET, as appropriate. Selecting other units depends on which direction you wish to take after completing your VCE or VCAL.
		Mathematical Methods (CAS) Units 3 & 4 and/or Further Mathematics Units 3 & 4	Visual Communication Design Units 3 & 4	Product Design & Technology – Materials Units 3 & 4	Studio Arts Units 3 & 4 and/or Media Studies Units 3 & 4	

Applicable VET Units: VET Building & Construction

This pathway may lead to:		
University	TAFE	Employment
Bachelor Degrees at various institutions including: <ul style="list-style-type: none"> • Architecture/Construction Management • Architecture Building Design • Engineering – Architectural Engineering • Interior Architecture • Landscape Architecture • Urban Planning More at: https://delta.vtac.edu.au/CourseSearch/searchguide.htm	Diplomas and Certificates in: <ul style="list-style-type: none"> • Building Design • Interior Decoration and Design • Residential Drafting • Building Studies • Applied Art More at: https://delta.vtac.edu.au/CourseSearch/searchguide.htm	There are limited opportunities for students seeking employment directly from the VCE. There may be some Traineeships or Apprenticeships available. Students exploring this as a pathways option should see a member of the Senior Campus Careers team for details and advice.

Important note:

Many university courses have prerequisite subjects that you must complete in Years 11 and 12 to gain entry to the course. You can check prerequisites for courses in the VICTER guide, which is accessible at the following website: www.vtac.edu.au/publications/

Some courses require the submission of portfolios, interviews, or separate aptitude tests to gain entry. Please check for these requirements with the institution to which you hope to apply.

Automotive PATHWAY

Compulsory VCE Units		Suggested VCE Units				Other/VET VCE Units
Year 11 (Units 1 & 2)	VCE English Requirement Units 1 & 2	General Mathematics Units 1 & 2 and/or Mathematical Methods (CAS) Units 1 & 2	Systems Engineering Units 1 & 2	Product Design & Technology – Materials Units 1 & 2	Visual Communication Design Units 1 & 2 OR Physics and/or Chemistry Units 1 & 2	Any units from VCE or VET, as appropriate. Selecting other units depends on which direction you wish to take after completing your VCE or VCAL.
Year 12 (Units 3 & 4)	VCE English Requirement Units 3 & 4	Further Mathematics Units 3 & 4 and/or Mathematical Methods (CAS) Units 3 & 4	Systems Engineering Units 3 & 4	Product Design & Technology – Materials Units 3 & 4	Visual Communication Design Units 3 & 4 OR Physics and/or Chemistry Units 3 & 4	

Applicable VET Units: VET Automotive

This pathway may lead to:

University	TAFE	Employment
<p>Bachelor Degrees at various institutions including:</p> <ul style="list-style-type: none"> Industrial Design Mechanical Engineering Electro Mechanical Engineering Engineering - Mechatronics and Robotics Engineering - Automotive <p>Note: VCE Mathematics is a requirement for most University courses and some TAFE courses related to Automotive.</p> <p>More at: https://delta.vtac.edu.au/CourseSearch/searchguide.htm</p>	<p>Diplomas and Certificates in:</p> <ul style="list-style-type: none"> Mechanical Engineering Electro Mechanical Engineering Engineering - Mechanical Design Engineering - Mechanical/Manufacturing Engineering: Mechanical Trade (Non-apprentice) <p>Note: VCE Mathematics is a requirement for most University courses and some TAFE courses related to Automotive.</p> <p>More at: https://delta.vtac.edu.au/CourseSearch/searchguide.htm</p>	<p>There are limited opportunities for students seeking employment directly from the VCE/VCAL.</p> <p>There may be some Traineeships or Apprenticeships available. Students exploring this as a pathways option should see a member of the Senior Campus Careers team for details and advice.</p>

Behavioural/Psychological Science PATHWAY

Compulsory VCE Units		Suggested VCE Units			Other/VET VCE Units
Year 11 (Units 1 & 2)	VCE English Requirement Units 1 & 2	Biology Units 1 & 2	Psychology Units 1 & 2	General Mathematics Units 1 & 2 and/or Mathematical Methods (CAS) Units 1 & 2	Health and Human Development Units 1 & 2
Year 12 (Units 3 & 4)	VCE English Requirement Units 3 & 4	Biology Units 3 & 4	Psychology Units 3 & 4	Further Mathematics Units 3 & 4 and/or Mathematical Methods (CAS) Units 3 & 4	Health and Human Development Units 3 & 4

Applicable VET Units: N/A

Year 10 going into Year 11 Course Planning Checklist

Please complete the following checklist prior to submitting your final subject selection form in Week 2 of Term 3.

I have considered areas of career interest (please list these below).

.....

.....

If not, please speak to one of your teachers, and/or go to www.myfuture.com.au/ and complete the 'Career Interest Survey', or www.acu.edu.au/ and complete the 'Career Match'. If you are still unsure, pick subjects you are interested in, or that you are confident you will do well at.

I have visited the VTAC website and identified prerequisites* for courses I am interested in (list these below).

Course	Prerequisites
E.G. Bachelor of Commerce – The University of Melbourne	<ul style="list-style-type: none"> • 2015 minimum ATAR 95.00 • Study score of at least 30 in English or 25 in any other English (e.g. Literature) • Study score of at least 25 in Mathematical Methods or Specialist Mathematics

**Note: prerequisites are subjects or minimum requirements that you must complete to be considered for a specific course at most Universities. They can be found on the VTAC website by completing a 'course search' and clicking on relevant courses you are interested in.*

I have talked to my English teacher and have selected an English subject that is suited to my ability and interests.
The English Requirement I have chosen is:

.....

(English/English as Additional Language (EAL); English Language; Literature).

If not, speak to your English teacher and/or a Careers teacher prior to submitting your subject selection form.

I have talked to my Mathematics teacher about which subject of Mathematics, if any, I should do next year.
The Mathematics subject I have been recommended to do is:

.....

(General Mathematics; Mathematical Methods CAS; Specialist Mathematics).

If not, speak to your Mathematics teacher and/or a Careers teacher prior to submitting your subject selection form.

I have read all relevant VCE/VET subject descriptions in this Handbook (list the subjects you are considering including in your VCE program).

.....

I have read all relevant pathways in the Suggested Pathways section in this Handbook.

I have completed one or more Subject Selection Practice Grids (page reference) in this Handbook.

Please bring this completed checklist to your subject selection interview.

Year 11 going into Year 12 Course Planning Checklist

Please complete the following checklist prior to submitting your final subject selection form in Week 1 of Term 3.

I have considered/reconsidered areas of career interest (please list these below).

.....

.....

If not, please speak to one of your teachers, and/or go to www.myfuture.com.au/ and complete the 'Career Interest Survey', or www.acu.edu.au/ and complete the 'Career Match'. If you are still unsure, pick subjects you are interested in, or that you are confident you will do well at.

I have visited the VTAC website and identified prerequisites* for courses I am interested in (list these below).

Course	Prerequisites
E.G. Bachelor of Commerce – The University of Melbourne	<ul style="list-style-type: none"> • 2015 minimum ATAR 95.00 • Study score of at least 30 in English or 25 in any other English (e.g. Literature) • Study score of at least 25 in Mathematical Methods or Specialist Mathematics

**Note: prerequisites are subjects or minimum requirements that you must complete to be considered for a specific course at most Universities. They can be found on the VTAC website by completing a 'course search' and clicking on relevant courses you are interested in.*

I have read all relevant VCE/VET subject descriptions in this Handbook (list the subjects you are considering including in your VCE program).

.....

.....

I have read all relevant pathways in the Suggested Pathways section in this Handbook.

I have completed one or more Subject Selection Practice Grids (page reference) in this Handbook.

I understand I only need to complete five Unit 3 & 4 subjects and have decided which of my six Unit 1 & 2 subjects I am not going to continue in 2019.

I understand that due to VCE rules/regulations that I must complete Unit 3 & 4 subjects as a sequence and cannot decide to change subjects at the end of Semester One in 2019.

Please bring your Handbook to all of your classes in the lead up to subject selection. If you require further assistance, please speak to one of your teachers and/or a Careers teacher in the Careers Office.

Subject Selection Practice Grids

On the following pages, practise mapping your learning programs by entering subjects into the blank cells in the grids.

		Subject 1	Subject 2	Subject 3	Subject 4	Subject 5	Subject 6
Year 10	Semester 1	English	Mathematics	Science — Physics & Chemistry	Humanities — History		
	Semester 2	English	Mathematics	Science — Environment & Biology			
Year 11	Semester 1	Please CIRCLE English Requirement – English – Literature – English Language – EAL – Bridging EAL*					
	Semester 2	Please CIRCLE English Requirement – English – Literature – English Language – EAL – Bridging EAL*					
Year 12	Semester 1	Please CIRCLE English Requirement – English – Literature – English Language – EAL					
	Semester 2	Please CIRCLE English Requirement – English – Literature – English Language – EAL					

		Subject 1	Subject 2	Subject 3	Subject 4	Subject 5	Subject 6
Year 10	Semester 1	English	Mathematics	Science — Physics & Chemistry	Humanities — History		
	Semester 2	English	Mathematics	Science — Environment & Biology			
Year 11	Semester 1	Please CIRCLE English Requirement – English – Literature – English Language – EAL – Bridging EAL*					
	Semester 2	Please CIRCLE English Requirement – English – Literature – English Language – EAL – Bridging EAL*					
Year 12	Semester 1	Please CIRCLE English Requirement – English – Literature – English Language – EAL					
	Semester 2	Please CIRCLE English Requirement – English – Literature – English Language – EAL					

Note: * English as an Additional Language students in Year 11 must circle 'Bridging EAL' as their English requirement subject AND select 'EAL' in the column Subject 2 for their Year 11 program.

Subject Selection Practice Grids

On the following pages, practise mapping your learning programs by entering subjects into the blank cells in the grids.

		Subject 1	Subject 2	Subject 3	Subject 4	Subject 5	Subject 6
Year 10	Semester 1	English	Mathematics	Science — Physics & Chemistry	Humanities — History
