### OUTSTANDING PERFORMANCE BY OUR STUDENTS

I am both proud and thrilled with the achievements of all Mill Park students in 2019. I have had the pleasure of participating in 4 award ceremonies over the past week. The student leaders from each year level did a professional job of officiating at these very important events that celebrated our students' achievements both within and outside the classroom.

The Year 12 results for 2019 were impressive with 10 students achieving an ATAR above 90. The Dux of the College achieving a score of 99.15. The top 5 students were announced at the Awards and Graduation ceremony on Tuesday evening. Congratulations to Eeman Atif, Lan Anh Hoang, Suhaas Kataria, Prabhleen Kaur and Rei Rogu. Overall our students performed really well and have bright futures in their chosen pathways. We look forward to hearing about their future achievements.

I would like to take this opportunity to thank all Mill Park staff who work together to support our young people achieving their goals.

*"Our gift to you is education and all the things you have done this year. We have put a lot of thought into this gift and a lot of time and effort. We think it is the best gift of all. We hope you will appreciate this gift of education and put it to good use."*

## MOBILE PHONES IN 2020

On 26 June 2019, the Minister for Education, the Hon. James Merlino MP, announced a new mobile phone policy for every government school in Victoria.

The new mobile phone policy comes into effect from Term 1, 2020, and requires that students who choose to bring mobiles phones to school must have them switched off and securely put away during school hours.

### The role of technology

We live in an exciting and technology-rich world and mobile phones are an important modern day communication tool. The school acknowledges that access to a mobile phone by children is important to many of our families in providing a sense of safety for their child while travelling to and from school, and for confirming or changing after school arrangements.

### Managing the impact of mobile phones

Mobile phones often create disruptions and distractions in classrooms. Establishing a 'mobile phone free zone' helps teachers to establish and maintain a focused and productive teaching and learning environment.

Research has found that mobile phones can be disruptive in classrooms and open to misuse at school (e.g. accessing inappropriate content, cyberbullying, and unauthorised photography). Additionally, research shows that the unregulated presence of mobile phones in classrooms can undermine students' capacity to think, learn, remember, pay attention and regulate emotion. A summary of recent, relevant research is available on the Department of Education and Training's website. At recess and lunchtime our school also values the opportunity for students to communicate with each other face-to-face or be involved in activities rather than being focused on a device, particularly when using the device to engage with social media.

The new policy does acknowledge that technology is increasingly impacting the way in which students learn and communicate. Therefore, when a student has been given explicit permission to access and use such devices to enhance learning by the classroom teacher, mobile phones will be permitted for that specific purpose.

### Emergency situations

In the event of an emergency or if you need to contact your child, I ask that families contact the staff in the campus offices who will pass on a message as needed. The school acknowledges that this new policy may require some adjustments. As such, I ask for the support of all our families, staff and students in its implementation.

## NEWS FROM THE MYC LIBRARY

Congratulations to our Library Monitors and participants of the Premier's Reading Challenge!

27 students from Years 7-9 are the recipients of the **Library Monitors Award Certificates** in 2019. The library monitors were very excited to receive their certificates from the Middle Years Campus Principal Ms Eastlake and reference letters from the Middle Years Campus Library Coordinator Mrs Stella Lambrou.

The focus of their training was:

- Learning to communicate with others by providing customer service
- Learning information and technology skills operating the Library Database
- Learning to lead others by coaching new younger monitors
- Learning to work in a group and enjoy what they do

On Monday the 2<sup>nd</sup> of December, in appreciation of their dedication and hard work, a special celebration luncheon was offered by the College in the Library. Students enjoyed a variety of food including Vegetarian and Halal. 31 students who were recipients of the **Premier's Reading Challenge** Award were invited to join in on the celebration too.

Thank you to all the teachers who encouraged and supported each student to read and participate in the Premiers Reading Challenge. Monitors praised the program and they all agreed that working in the library was valuable and rewarding experience. Monitors expressed their appreciation to the library staff for giving them the opportunity to participate in the program. The College values of achievement, respect, responsibility and enjoyment were evident at all times. The library monitors programme has been very successful and I would like to thank all the students for their participation and assistance throughout the year. Congratulations to all and I am looking forward to another promising year ahead.

## Italy Trip 2019

Ciao! Our wonderful tour of Italy has finally come to a close and the group are currently en route back home. The students and staff departed for the trip on 23 November and since then they have visited the amazing cities of Venice, Bologna, Milan, Verona, Firenze, Modena, Rome, Vatican City and the amazingly preserved ancient city of Pompeii. The group also visited many other places and landmarks sightseeing the famous Leaning Tower of Pisa, St Peters Basilica, the Sistine Chapel, The Statue of David, The Colosseum, Museo Leonardo da Vinci, Piazza San Marco, the Ferrari Museum, Juliet's Balcony and the Verona Arena. According to legend if you spin three times on the mosaic bull at the Galleria Vittorio Emanuele II in Milan you will receive good luck!

The trip has been full of delicious food through every stop, gondolas rides and disposable gumboots in Venice, a new skill of making home-made tortellini, many laughs along the way, new friendships made within the group as well as with homestay families and a lifetime of memories created.

We are so proud of all the students for constantly displaying the college values of Respect, Enjoyment, Responsibility and Achievement on the entire trip and a huge thank you to the staff (Ms Aiello, Ms MacDonald and Mr Palmer) for supporting our students in Italy and creating such wonderful experiences and memories for life!

## Class of 2019

The Class of 2019 canvas was created as part of the Year 12 VCAL integrated projects. With the help of Ms Ouslinis, Shontal L, Jayden M and Caitlyn W worked on their project consistently over the course of eleven weeks. Students planned, actioned and implemented tasks according to their set schedule. Whilst carrying out their project the students worked together as a team, communicated with each other, teachers and fellow year 12 students and worked hard to capture the essence of their cohort. The College values of enjoyment and achievement were displayed. The canvas represents things of importance to the class of 2019; study, music, friendship, sport and relationships.

The canvas has now been hung in the senior campus library for teachers and students to view.

## Overview for Parents/Students

### Introducing Free Pads and Tampons in Government Schools

The Victorian Government is providing free sanitary pads and tampons in every government school because being able to access sanitary products shouldn't be a barrier for girls and young women to getting the most out of their education.

This initiative aims to:

- provide students with the confidence that sanitary items will be readily accessible at school
- relieve students of the stigma, anxiety and discomfort that can be associated with menstruation and its management
- ease the cost of living for families.

Lack of easy access to sanitary items can negatively affect attitudes, behaviours and equal participation in sport and everyday school activities. By providing access to sanitary items these barriers can be reduced.

The Government's investment will ensure sanitary pads and tampons are available at school to help female students to manage their periods with greater ease and less embarrassment and to normalise periods as a healthy part of growing up.

### Product Information

Students will be able to choose from two Libra Products

1. Libra Tampons – Regular
2. Libra Ultrathin Pads with Wings – Regular

#### Why these products were chosen:

Libra's product usage study (females 10-18) showed that pads (day) are the most popular, with Ultrathin Regular pads with wings the most used amongst girls this age. For tampons, non-applicator tampons are preferred, with regular absorbency tampon most used.

Information about these products can be found: <https://lovelibra.com/products>

### How will the sanitary items be accessed?

Dispensers will be allocated and installed within the nominated school bathrooms to allow easy access for students.

Dimensions: 45cm W x 55cm L

The use of sanitary items provided at school will be entirely voluntary.

Providing both sanitary pads and tampons allows students to make a choice based on their own needs, cultural beliefs, maturity and parental preferences.
