All prospective volunteers are required to comply with our school's Volunteers Policy, including in relation to assessing the suitability of prospective volunteers and obtaining checks required under this policy.

Training and supervision

Training and education is important to ensure that everyone in the school understands that child safety is everyone's responsibility.

Our school culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in coming forward with any allegations or suspicions of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse. This training occurs annually or more often as required.

New employees and volunteers will be inducted into the school in relation to child safety.

Reporting a child safety concern or complaint

The school has clear expectations for all staff and volunteers, including homestay providers in making a report about a child or young person who may be in need of protection.

Mill Park Secondary College will never prohibit or discourage school staff from reporting an allegation of child abuse. The school will always take action to respond to a complaint in accordance with the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures. In accordance with Action 4 of the Four Critical Actions for Schools, Mill Park Secondary College will provide ongoing support for students affected by child abuse.

The Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures can be found at .

Risk reduction and management

Mill Park Secondary College believes the wellbeing of children and young people is paramount, and is vigilant in ensuring proper risk management processes, found in the school's risk assessment register. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures.

We will identify and mitigate the risks of child abuse in school environments by taking into account the nature of each school environment, the activities expected to be conducted in that environment and the characteristics and needs of all children expected to be present in that environment.

Mill Park Secondary College monitors and evaluates the effectiveness of the actions it takes to reduce or remove risks to child safety more information can be found in the school's risk assessment register.

Listening to, communicating with and empowering children

Mill Park Secondary College has developed a safe, inclusive and supportive environment that involves and communicates with children, young people and their parents/carers. Our school is committed to supporting and encouraging students to use their voice to raise and share their concerns with a trusted adult at any time of need.
